

Book No. 17

H. A. ALLARD

Field collection numbers

21708 - 24420

Allard, H. A. Va., W. Va.

1953-1960.

Book 17.

Field Notes nos. 21708 - 22318.

Lancaster Co
21741 - 21790
21815 - 21855
21879 - 21910
21934 - 21952
21999 - 22020
22022 - 22025
22032 - 22039

50174

Manufactured by
U. S. Government Printing Office

21708 *Leersia oryzoides* (L.) 8/24/53
along Dry Fork below
Dry Fork. Common. ^{Truckee Co. Carson Valley}
Stoloniferous
Near 21684

21709 *Gentiana clausa* Raf. ditto
Near 21684

Occasional.
Very beautiful closed gentian
with deep indigo corolla

21710 *Cuscuta* var *aster puranthoides* ditto
Near # 21684
Occasional.

21711 *Aster puniceus* L. very beautiful ditto
var. *firmus* with its violet-blue
forma *lucidulus* (see) T. & G. 2/53
Frequent (gray) Fern.
Near 21684

21712 *Chelone glabra* (typical) ditto
Near # 21684

Common
corollas whitish or with
faint pinkish blush.

21713 *Sisyrinchium cyprinoides* (L.) Kunth ditto
in wet soil near # 21684
Common

21714 *Krigia virginica* 8/25/53
in high pasture on Bald Knob
Occasional. ^{Truckee Co. W. Va. Carson Valley}
= *Crepis capillaris* (L.) Wallr.

21715 *Epifagus virginiana* (Walt.) 8/25/53
forma pallida Weath.

Growing (many) in ^{dense} beech forest near
top of Bald Knob. Stems a deep
rich orange throughout. Few or no
flowers on these plants. Some green

21716 *Cloriferous*, brown-purplish, normal
Both very abundant here. form.

Cirsium arvense (L.) Scop. *farina albiflorum* (Rostk & Schmidt) R. Hoffm.
In pasture for up west slope Bald Knob, with normal rose-bl. form.

21717 fl. white. Infrequent.

Aster prenanthoides L. plant A
along brook near foot Bald Knob
in hemlock-spruce woods. ditto

21718 *Aster prenanthoides* Muhl. ditto
Near # 21717 - along same
brook

21719 *Epifagus virginiana* (Walt.) ditto
Near # 21717
Normal madder purple form
Common in beech woods and
under beech trees.

21720 *Aster prenanthoides* Muhl. ditto
In same loc. as 21717
Very showy with blue purple rays.
appears to prefer damp shaded
situations. 8/26/53

21721 *Panicum philadelphicum* Beauv. ditto
In field below Bald Knob

21722 *Juncus marginatus* 8/26/53
In wet soil near Rostk.
Foot Bald Knob.
Frequent

21723 *Epilobium glandulosum* (Hauke) Lehm. 8/28/53
var *adenocaulon* (Hauke) Fern.
Top spruce knob at piped spring
by highway. Temp. water 44°F
with accurate thermometer
Frequent

21724 *Aster prenanthoides* Muhl. ditto
Foot Bald Knob near
21720

21725 *Leersia oryzoides* (L.) Link 8/27/53
along Dry Fork below ditto
Dry Fork

21726 *Aster prenanthoides* Muhl. (8/27/53)
along Dry Fork
near # 21708

21727 *Phlox maculata* ditto
Near 21708
= *P. paniculata* L.

21728 *Acer spicatum* Lam. 8/28/53
Top spruce knob
at spring along highway

- 21729 *Eleocharis obtusa* (Willd.) Schultes 8/27/53
along Dry Fork
below Dry Fork
in wet soil
Common.
- 21730 *Oxalis europaea*
forma *agrosa* ditto
Near # 21729
Common: O. *europaea* Jacq. var. *cymosa*
(Small) Willd.
- 21731 *Mentha cardica* Benth. ditto
Near # 21729
Frequent
- 21732 North of route 7 9/13/53
1 mi. East of Goose Creek
In field beside old straw
stack. *Bidens aristosa* (Michx.) Nutt.
var. *nuttalliana* Gray
- 21733 *Bidens aristosa* (Michx.) Nutt.
var. *Fitchii* Fernald. ditto
with # 21732 Common
- 21734 *Lespedeza stipularia* Michx.
with # 21732 - ditto
Everywhere common in fields
Diabase
- 21735 *Oenothera fruticosa* (L.) Link.
Beside # 21732 - var. *linearis* (Link.) S. Wats.
Frequent.
Diabase

- 21736 *Cuphea petiolata* (L.) Kuhn 9/13/53
In field beside # 21732
Common
Diabase
- 21737 *Polygonum punctatum*
var. *leptostachyum* ditto
with # 21732: *P. hydropiper* L.
Common
- 21738 *Liatris scariosa* (Willd.) W. & A. ditto
In dry soil by roadside
in woods near route 7
Frequent. Diabase
- 21739 *Diodia teres* Walt. ditto
var. *lirantior*
with 21732
Common. Frequent Diabase
- 21740 *Rudbeckia serotina* (Tuck.) Nutt. ditto
Roadside near route 7
1 mi east of Goose Creek. = *R. fulgida* Ait.
Common weed. Diabase
- 21741 *Solidago graminifolia* (L.) Link. 9/20/53
var. *pubescentula* (L.) Link. (H.A.A.)
about 3-4 mi. S. of Lisle,
Lancaster Co., at mouth
of Kate's Creek where it empties
into the Rappahannock.
Very common in pines etc. in fields etc.
- 21742 *Cnacta campestris* (L.) Link. ditto
In old field near # 21741
Common

Lespedeza intermedia (9/20/53)
21743 3-4 mi. S. of Lively in sandy, loamy soil in old field along Kate's Creek where it empties into Rappahannock. Lancaster Co. Common in dry soil in open pine woods etc. (W.A.A. L. St. Avel. Nutt.)

21744 *Lycopodium graminifolia* (Michx.) ditto
In open pine woods - near #21741. Common (E.E.)

21745 *Cyperus rotundus* L. ditto
In dry sandy field. A bad weed. (near 21741) Common

21746 *Lespedeza repens* (L.) Nutt. ditto
In sandy field near #21741 very common. Prostrate. In open pine woods and old fields.

21747 *Desmodium marilandicum* (L.) DC. ditto
In sandy old field near 21741. Common

21748 *Aristida purpurascens* Pursh ditto
Near #21747, in dry sandy waste ground; common. Also *Aristida dichotoma* Michx.

21749 *Andropogon ternarius* Michx. ditto
In dry sandy old field. Common. Silvery racemes very showy.

Pycnanthemum (9/20/53)
21750 white, whitish and with purplish basal portions. In dry soil along roadside near 21747. Common = *monarda punctata* L.

21751 *Ipomoea coccinea* L. (9/21/53)
Around mill west of Lively about 1 mile Lancaster Co. (W.A.A.)

21752 *Desmodium paniculatum* ditto
Roadside near #21751 Common = *D. perplexum* Schub.

21753 *Liatris graminifolia* (L.) Mill. ditto
Roadside near #21751

21754 *Nymphaea advena* (Ait.) Nutt. ditto
In mud on shore of pond near #21751. very abundant here; full flower

21755 *Callicarpa americana* L. ditto
In thickets by roadside near #21752. Frequent

21756 *Spartina cynosuroides* (L.) Roth (9/21/53)
along Kate's Creek in brackish marsh at mouth where it empties into Rappahannock. Very common. is a brown blocky sp. but not slender armed.

Myrica cerifera L.
21757 Along Kate's Creek
near # 21756
Very common
9/21/53

21758 *Aster tenuifolius* L. along
Kate's Creek
Near mouth of Rappahannock
In mud and water of high
water zone. Rays light blue.
Common here. (9/20/53)
Near
Maratica 4 miles, about west of
Lynch, Lancaster Co.

21759 *Barbarea halimifolia* L.
Near # 21758. Very
abundant. ditto.

21760 *Digitaria inchaenum*
In waste ground near
21758. Common ditto.

21761 *Panicum scoparium* Lam.
In old fields, waste ground
etc. near # 21758
Common ditto.

21762 *Chrysopsis mariana* (L.)
In pine woods
near # 21759
Common ditto.

21763 *Aster pilosus*
var. *lenticularis*
Near # 21758 in
waste ground
Common ditto.
Aster pilosus Willd.

21764 Tall, feathery plant with
narrowly linear leaves.
3-4 ft. In dry fields - near
21763. Frequent
Native fl. = *Empetrum capillifolium* (Lam.)
Suggests an *Antennaria* (Lam.)

21765 *Empetrum capillifolium* (Lam.)
In dry, open pine woods
near # 21762. Frequent
Common everywhere
In light soil ditto.

21766 *Cyperus diandrus* Torr.
In waste ground at
Kate's Creek - near # 21762
Frequent ditto.

21767 *Hydrocotyle ranunculoides*
In muddy soil L.f.
at Kate's Creek
Frequent ditto.

21768 *Echinochloa crusgalli*
In damp waste ground
near # 21767 (L.) ditto.
Frequent

21769 *Viburnum nudum* L.
In thickets near # 21767
Very showy with not yet ripened
rose-pink fruit, turning to deep
purple blue. Common ditto.

21770 *Eleocharis obtusa* (Willd.) Schult.
In wet soil near # 21767. ditto.

Marrubium vulgare
21771 Near Kates Creek
where it empties into
Rappahannock. In old
pasture near old house site
= *Satureja calamintha* var. *repens* Boiss.

9/20/53

Had

21772 *Solidago sempervirens* L.
On sandy shore along
Rappahannock near Kates Creek
abundant here. Shrubby

21773 *Scirpus*
In damp sandy soil
near Kates Creek.

= *Fimbristylis castanea* (Michx.) Vahl

21774 *Scirpus robustus* Michx.
In water and mud along
Kates Creek where it empties
into Rappahannock.
Common here

21775 *Atriplex patula* L.
var. *hastata*
Near # 21774
Frequent

var. *hastata* Gray

21776 *Shorea alterniflora* Loisel.

Near # 21774

In brackish water of Kates Creek
Common

glaucous blades
spikelets almost.

21777 Grass
In wet soil and high water
with # 21774
Frequent. *Panicum virgatum*.
Tall - slender spikes
coarse panicles.

21778 (*Chenopodium* like)
petioles pink; leaves
long linear-lanceolate
dry mud and water
(brackish) near # 21744
Frequent - tall, erect
3-4 ft. Stems pink.

9/20/53

Had

Acrida canabina L.

21779 *Plantago major* L.
In waste ground near
21774
Occasional

ditto

21780 *Aster dumosus* L.
In waste ground near
21774 Frequent

ditto

21781 *Empetrum byssopifolium*
var. *calcaratum*
Near # 21774 - in open
pine woods, waste ground etc.
Common

ditto

21782 *Elephantopus tomentosus* L.
var. *rotundatus* Fernald
In open, dry pine woods etc.
Frequent

ditto

21783 *Verbena occidentalis* Walt.
In open pine woods
near # 21744. Frequent

ditto

21784 *Jussiaea decurrens* (Walt.) DC.
fl. yellow
In wet soil near # 21767

ditto

21785 *Lotelia siphilitica* 9/20/53
In damp soil near
#21767
Frequent = *L. puberula* Michx.
H.A.A.

21786 *Hypericum mutilum* L. ditto
In damp soil with
#21767. Common

21787 *Solidago canadensis* L. ditto
In open pine woods
Common
= *S. altissima* L.

21788 *Aster pilosus* Willd. ditto
var. *pilosus*
In old, dry field
Common

21789 *Panicum* (low) *tennesseense* Michx. ditto
In pine woods
near Kate's Creek
Frequent

21790 *Eragrostis spectabilis* (Pursh) Link. ditto
In dry, open pine woods
near #21789
Frequent

21791 *Aster laevis* L. 9/27/53
(very slightly glaucous)
Scattered colonies in thin, dry
woods along country road $\frac{1}{2}$ mile
from route 7. Diabase
Infrequent on Triassic

21792 *Aster undulatus* L. 9/27/53
Near #21791
Frequent. In dry,
open woods

21793 *Boehmeria cylindrica* (L.) Sw. ditto
Roadside, damp soil
1 mi from route 7 - along
country road. Frequent.

21794 *Oxalis filipes* Small ditto
Very common in old wheat
field among stubble, 2 mi.
from route 7.
Diabase

21795 *Aster linariifolius* L. ditto
In dry bank 1 mile from
7 along country road
Infrequent.

21796 *Rudbeckia serotina* T.V. Moore ditto
Roadside 1 mi from route 7 -
along country road
Common. = *R. fulgens* DC.

21797 *Aster novae-angliae* L. ditto
Along route 7 - edge of
Triassic near road to Herndon
on red shale. One fine, showy
clump in pasture. Infrequent
Rays deep rose = *forma roseus* (Desf.) Britt.

21798 In cauliflower field as
weed east of Davis. *Senecio hispidus* Oct. 3, '53
nearly west of Bald Knob, Tucker Co., H.A.A.
W. Va. Abundant here
Linaria vulgaris Mill.

21799 just west of Dry Fork Creek
just below Dry Fork on
woodland road. frequent, ^{10/4/53}
showy *Aster cordifolius* L. H.A.

21800 *Prenanthes altissima* L.
In thickets along wood road
near # 21799. frequent ditto
21800

21801 *Spiranthes cernua*
On grassy roadside bank
along Davis-Seneca highway,
near Bald Knob. frequent. ditto
21801

21802 *Aster simplicifolius* var. *ramosissimus*
Near Dry Fork Creek, below
Dry Fork. frequent. ditto
21802 (Tr.)

21803 *Aster prenanthoides* Nutt.
Near # 21802. frequent, showy
along country road, in moist
situations. ditto
21803

21804 *Galeopsis tetrafolia* L.
In high pasture 2 miles west of
Davis-Seneca highway. 2 miles on
slope Cold Mountain, as known to
natives. frequent. ditto
21804

21805 *Spergula arvensis* L.
An abundant weed in same
cult. flower, with 21798. 10/3/53
21805

21806 *Aster pilosus*
var. *demotus* Blake 10/11/53
In old field 1/2 mile east of Goose
Creek and 1/2 mi. N. of route 7.
Very common Diabase

21807 *Oxalis filipes* Small ditto
Near # 21806. Common
21807

21808 *Ulmus*?
In back yard off Lee Boulevard
Oct. 16, 1953. Tree 30-40 ft. tall;
leaves green, fruit red beneath and
making attractive contrast. ditto
21808

21809 From a garden in
Lynch Park, Va. 10/23/53
H.A. *Viburnum*
A large shrub *rhytidophyllum*
ryan. Hernal.

21890 H.A. Allard's garden
Nov. 1, 1953 *Polygonum caespitosum*
Common *Blume* var. *longicaule*
(DeBryne) Steud. T.G.

21891 *Sagina decumbens* L.
On top of vertical cliffs of
Pilot Mountain, N.C.
Nov. 9, 1953

21892 *Pieris floribunda* (Pursh) B. & H.
On rock shelves on Pilot
Mountain above
Nov. 9, 1953
21892

21893 *Galax aphylla* L.
21893 in crevice of vertical
rock wall of Pilot Mountain, N. C.
Nov. 9, 1953

21894 *Apleurum montanum* Willd.
21894 in rock crevices with # 21813
Pilot Mountain. Nov. 9, 1953

21895 *Clethra alnifolia* L. / At junction
of Rappahannock
abundant on Coastal
plain here; full bloom
very fragrant. (old Kate's Creek
below Lively
July 15, 1954)

21896 *Pyrus floribunda* Lindl.
21896 in sandy soil along Kate's Creek
near # 21815 - frequent.

21897 *Oenothera*
21897 in old field near # 21815
frequent

21898 *Vitis rotundifolia* Michx.
21898 Roadside near # 21815
infrequent here
(Muscadine grape)

21899 *Panicum*
21899 in old field near 21715 ditto
frequent.

21820 *Ruellia carolinensis* (Walt.)
21820 7/25/54 stand
in sandy soil near # 21815
frequent. fl. purple, showy

21821 *Populus balsamifera* L.
21821 in woods near # 21715
apparently escaped from planted ditto
individuals. Near # 21715

21822 *Elymus* in sandy soil ditto
near # 21715
frequent

21823 *Serriocarpus asteroides* (L.) BSP
21823 Near # 21815. frequent. ditto
in sandy soil 7/16/54

21824 Grass
21824 near # 21815 ditto
7/16/54

21825 *Centaurea cyanus* L. ditto
Near # 21815 7/16/54
infrequent; escape
fl. blue.

21826 *Vitis aestivalis* Michx. 7/17/54
21826 along fence rows,
in thickets etc. Near # 21815

21827 Mint. In old pasture.
near # 21815- 7/17/54 }
Occasional.
Near old house site

21828 *Diodia teres* Walt.
Roadside in dry, sterile
soil near # 21815 ditto
Common

21829 *Ruppia maritima*. In Rappahannock
off. Kates Creek in saline water; attached. Very abundant. 7/17/54

21830 *Paronychia fastigiata* (Raf.) Ten
Typical. Frequent. Near # 21815 7/18/54

21831 *Yucca filamentosa*
on sandy bank on north bank of
Kates Creek. a small colony here.
are scarce. Infrequent 7/18/54

21832 *Typha domingensis* Pers.
in brackish water near #
21831. Frequent 7/18/54

21833 *Rhus radicans* L.
forma *malacotrichocarpa* (A. H. Moore)
High-climbing on trees
in woods near # 21831 Common Fern

21834 *Goodlyera pubescens* (Willd.) R. Br. 6
In woods near # 21831. 7/18/54
Infrequent

21835 *Phoradendron flavescens* (Pursh) Nutt.
on black gum tree near # 21831-
many plants on this. Frequent. 7/18/54

21836 *Oxalis stricta* L.
Near # 21815. 7/18/54
Common
In sandy soil

21837 *Lycopodium*
In woods near # 21834 ditto
Frequent.

21838 *Panicum*
Near # 21836 ditto
Frequent

21839 *Hydrocotyle umbellata* L.
In damp soil near
Kates Creek, near # 21836 ditto
Frequent.

21840 *Acalypha gracilens* Gray
Near # 21815
Frequent. In dry sandy soil
July 18, 54

21841 *Lactuca canadensis* July 18, 1954
fl. yellow. var. *latifolia* Ktze
Near #21815. Common
Plant A - Panicle and lower sections

21842 *Quercus falcata* Michx.
Near #21831, in woods ditto
Frequent

21843 *Euphorbia ammannioides* HBK.
on sandy saline beach along
Pappahannock and Kate's Creek
outlet. Frequent ditto

21844 *Chrysopsis mariana* (Michx.) Ell.
Near #21815 7/18/54

21845 *Ruellia carolinensis* (Walt.) Steud.
Near #21815
Frequent
In sandy soil

21846 *Panicum* 7/19/54
Near #21815
Frequent

21847 *Hydrocotyle umbellata* L.
Near #21815. Several colonies
here in damp sandy soil. 7/19/54

21848 Grass 7/19/54
Near #21815
Frequent; in sandy soil

21849 *Lespedeza*
Near #21815 ditto
Frequent
In sandy soil

21850 *Panicum* ditto
Near #21815
Frequent

21851 Grass ditto
Near #21815
occasional
In dry sandy soil

21852 *Panicum* ditto
Near #21815
Frequent

21853 Grass ditto
Near #21815
Frequent

Acalypha gracilens Gray ditto
21854 Near #21815

2/855 *Amelanchier canadensis* (L.) Medic.
junction of Kate's Creek with
Rappahannock River. small trees.
Frequent. April 4, 1954

2/856 *Lindernia dubia* (L.) Pennell
(Recent)
in wet, muddy
soil along Goose Creek
at dam. Common
July 25, 1954
Loudoun Co

2/857 *Alga* (green)
in shallow water
near * 2/856 ditto

2/858 *Portulaca oleracea* L.
on sandy beach with
* 2/856. Recent ditto

2/859 *Mollugo verticillata* L.
on sand with * 2/856.
forming large, symmetrical mats.
Recent ditto

2/860 *Oxalis europaea* Jord.
forma *vitticaulis* Wieg.
At dam near * 2/856.
Recent. Along shore of Goose Creek. ditto

2/861 *Pyrenanthemum*
at quarry near bridge
over Goose Creek - among rock
debris. ditto

2/862 *Erigeron*
at quarry near * 2/861 along Goose
Creek near
bridge over
creek on route
7. July 25, '54

2/863 *Xerium nudiflorum* Nutt.
with * 2/861 in moist soil.
Diabase ditto

2/864 *Carpinus caroliniana* Walt.
Var. *virginiana* (Marsh) Fern.
at dam on Goose Creek below
bridge on route 7. Recent. Frequent. ditto

2/865 At quarry on Goose Creek
near route 7.
on diabase. (Aug. 8, '54)
Very young tree. *Populus*
alticola 2.

2/866 *Celtis occidentalis* L.
along trail down Goose Creek
from route 7 - near dam.
Recent. ditto

2/867 Iceland moss
Lichen. on shales
just above Bull Run from old
bridge. on red shales.
Triassic. August 15, '54

2/868 *Isanthus brachiatus* (L.) BSP.
in diabase quarry near
Centerville, Va. Aug. 15, 1954
(Diabase)

21869 In diabase quarry with Aug. 15, '54
21868. Fl. pinkish.
Diabase

21870 Chinese elm
In Fairfax Co., in yard; Sept. 1, 1954
large tree. In Anne Kaldenbach's
yard.

21871 Low shrub in Ann. Kaldenbach's
yard; Fairfax Co. Sept. 1, 1954
Fruit red in fall

21872 *Asplenium trichomanes* L. (Nov. 30, 1954)
(Maiden-hair *Asplenium*)
In crevices on conglomerate
outcrops (Triassic) on Limestone
Branch near route 15 N. of Leesburg -
 Loudoun Co. frequent. On limestone
conglomerate.

21873 Moss
On same rock outcrops
near # 21872
Common

21874 Along Limestone Branch - Common
1/2 mi. down from route 15
in pasture.
Veronica holeraefolia

21875 *Crataegus*
Orig. from Bull Run Mt. 5/8, '55.
Now a specimen transp. to Allard's
garden. Full blooming May 8; Very
showy; 20 stamens; fl. white
Tree 15-20 ft. tall

21876 Dwarf Scotch curled Kale
in Allard's garden
sowed Oct. 1954. Full fl.
5/8/55 at 2-2 1/2 ft.
fl. yellow

21877 Common radish
flowers white. Allard's garden
Planted Feb. 2, 1955
Collected 5/19/55. 3 1/2 ft. tall.
Raphanus sativus L.

21878 Giant curled mustard
used for salad. In Allard's
garden sowed 2/2/55. In
flower coll. 5/19/55
3-3 1/2 ft. tall
Brassica juncea (L.) Cz. & v. *crispifolia*
Bolle

21879 *Sutellaria integrifolia* L. In sandy
soil roadside
near Kate's
Creek near mouth
junction with
Rappahannock.
near Lynch, Va
6/18/55

21880 *Ranunculus*
acris L.

near Kate's Creek
near mouth Rappahannock
at junction with
Rappahannock
In sandy soil 6/18/55

21881 *Physalis integrifolia* L.
var. *ambigua* (Nutt.) Wood near # 21879
In sandy, moist soil,
roadside

21882 *Lonicera japonica* Thunb.
Note diff. leaf-shapes on same
stem - changing from lobed to normal
entire. In pine woods Near # 21880
6/18/55

2/883 *Paspalum*
In sandy soil at junction with
Kate's Creek and Raffahamock
near Litchy.
6/18/55

2/884 Grass - along Raffahamock
on beach in sand 6/18/55

2/885 Sea weed
Along beach and surf along
Raffahamock near junction
with Kate's Creek. Very abundant
6/18/55

2/886 *Panicum*
with # 2 1880 ditto

2/887 *Bromus* with # 2/886 ditto

2/888 Small
fl. reddish orange
with # 2 1884 ditto

2/889 *Panicum*
Near # 2 1880 ditto

2/890 Sedge
In wet bog along Kate's
Creek at junction with
Raffahamock. 6/18/55
Siripus robustus Pursh.
Very common

2/891 *Cyperus*
sandy soil at junction of
Kate's Creek with Raffahamock
6/18/55

2/892 *Lolium perenne* L.
with # 2/880 ditto
Common

2/893 Lichen
very abundant on trunks
and branches of old cedar
trees along Kate's Creek
with junction with Raffahamock
6/18/55

2/894 *Polygonum*
In sandy soil
near # 2/880 ditto
Common

2/895 *Elymus*
Near # 2/880 ditto

2/896 *Typha angustifolia* L.
along Kate's Creek in
dense colonies near
junction with Raffahamock.
6/18/55

21897 *Leontodon autumnalis* L.
In lawn at Kate's Creek
at junction with Rappahannock.
rays yellow - 6/18/55

21898 *Polygona*
In Coastal plain sandy soil
near Kate's Creek near
junction with Rappahannock by
roadside in pine and scrub oak
woods. 6/18/55
frequent

21899 *Linum medium* (Pursh) Britt
Near # 21898 Near # 21898
fl. yellow In dry and also damp
sandy soil by roadside
frequent

21900 sea weed
on shore Rappahannock
at junction with Kate's Creek
6/18/55 color dark
reddish brown

21901 ~~Color dark~~
Linum. Near # 21900

21902 Grass
Spartina
paterus -
At junction of
Kate's Creek and
Rappahannock - near
Little, Va.
Aug. 7, 1955 - Sandy soil

21903 *Cenchrus longispinus*
ditto

21904 grass

At junction of
Kate's Creek and
Rappahannock - near
Little, Va.
Sandy soil.

21905 *Scirpus*
ditto
Near # 21902

21906 *Elymus*
virginicus
var. Near # 21902 ditto

21907 *Spartina*
Near # 21902 - ditto
Sandy soil

21908 Grass
Near # 21902 ditto
In sandy soil

21909 Mint
ditto ditto

21910 *Coronilla sepium*
corolla pink ditto
barba coloratus ditto

21991 Cult. lettuce
In Allard's garden July 30, '55
Plant E fl. yellow.

21992 Cult. lettuce
Plant C. In Allard's garden ditto

21993 Cult. lettuce
Plant B ditto ditto

21994 Cult. lettuce
Plant A ditto ditto

21995 Very abundant in Allard's
yard and lawn April 1, 1956
Cardamine parviflora 4/1/1956
Very abundant weed here

21996 On Bull Run red
shales along Bull Run Creek
4/22/56 near bridge on route 211
The nearest locality this lichen
occurs near Wash. D.C. = *Cetraria*
rare here. *islandica*

with # 21916 - 4/22/56

21998 *Cladonia* 4/22/56
with # 21916
Cladonia and *Cetraria* Haq
islandica

21999 *Cladonia*
with # 21916 4/22/56

21920 *Imbricaria*
pusillata -
April, 1956
On rocks at High Point,
Bull Run Mt.,
Fauquier Co.

21921 *Cladonia* 4/22/56
with # 21916

21922 *Cetraria islandica* 4/22/56
and *Cladonia*
with # 21916 Haq

21923 *Cetraria islandica* 4/22/56
with # 21916
Rare this near Wash. D.C.

21924 *Phacelia dubia* L. Small
Very abundant winter annual
for many years in my wild flower
garden and cult. ground - almost a
weed; appeared spontaneously.
May 1, 1956
Haq.

21925 *Veronica*
Along Broad Run east
of Pond Mountain - Tanager
Early May, 1956
H.A.A.
Co. ?

21926 *Moss*
In swamp near # 21925 ditto

21927 *Moss*
with # 21926 ditto

21928 *Potamogeton* ?
water plant
In shallow pool
near # 21926 ditto

21929 *Ranunculus*
In swamp with # 21926 ditto

21930 *Viburnum dentatum* L.
of Gray's Manual
June 10, 1956
allard's yard.
Bush # 4.

21931 *V. dentatum* L.
Bush # 3, ditto

21932 *Viburnum dentatum* 6/10/56
allard's yard
Bush # 1 H.A.A.

21933 *Viburnum dentatum* L.
Bush # 5 ditto
allard's yard
McAtce calls it *V. recognitum* in ~~his~~ recent paper.

21934 *Acer rubrum* L.
near junction of Kate's
Creek and Rappahannock
River - near Lynch
Lancaster Co.
June 23, 1956

21935 *Polygonum obtusifolium* L.
In dry, stock pasture; leaves mostly
gone near # 21934
Common. June 24/1956

21936 *Viburnum nudum* L.
Large shrub. In wet soil near # 21934
6/24/56

21937 *Galium verum* L. 6/23/56
Colony along roadside near
21934. Very showy with yellow flowers.
Rare in this area

21938 *Vitis rotundifolia* Michx.
along Kate's Creek - near
Rappahannock River. Occasional
here 6/23/56

21939 *Quercus alba* L. 6/23/56
Near # 21934. Common
H.A.G.

21940 *Sassafras albidum* (Mill.) Nees
var. *molle* (Raf.) Fern.
Near # 21934 6/23/56
Frequent here H.A.G.

21941 *Panicum* -
Near # 21934. ditto
In sandy soil

21942 *Pyrus floribunda* Lindl.
Near # 21934
In thickets along Kate's Creek
near Rappahannock. 6/23/56

21943 *Rubus* - Plant A.
In sandy soil near Kate's Creek
near junction with Rappahannock -
3/4 miles from Rappahannock. 6/23/56
Tip rooting; long arching
flori and primo-canex.

21944 *Rubus* Plant B 6/23/56
Half high - 2-2 1/2 ft.
Near # 21943 -
flori and primo-canex.

21945 *Rubus* Plant C 6/23/56
with # 21944
flori and primo-canex
Erect - 2-3 ft. in pure sandy soil

21946 *Rubus* plant D. Erect - 2-3 ft.
with # 21944 6/23/56
H.A.G.

21947 *Rubus* plant E
Plant stiffly erect ditto
flori and floricanes
with # 21944

21948 Plant F. Long trailing,
Rubus tip rooting. ditto
with # 21944 6/23/56
Floricane - primo-canex

21949 Plant G. *Rubus*
Long-arching plant, ditto
tip rooting
with # 21944
flori and primo-canex

21950 Plant H. *Rubus* 6/24/56
In dry pasture near Kate's Creek,
Loamy to clayey soil
Low, nearly erect - 2-3 ft. tall.

21951 Plant I. *Rubus*
In moist, springy soil 6/24/56
Very tall, arching - 5-6 ft.

21952 *Rubus* Low - 2-3 ft.
In dry pasture near ditto
21951 Plant J.

21953 Carex

22010 *Cassia nictitans* at junction
Common. of Kate's Creek
and Rappahannock
Sept 22, 1956
H.A. Allard

22011 *Chrysanthemum leucanthemum*
var. *pratensis* ditto

22012 *Aster pilosus* var. *densatus* Blake
ditto

22013 *Eupatorium lysiochloa*
var. *calcaratum* Fern. & Schult.
In fields ditto

22014 *Cicuta maculata* ditto
In swampy woods.

22015 *Cladonia* In pasture
at confluence
of Kate's Creek
and Rappahannock
Lancaster Co. 9/22/56

22016 *Viburnum*
In thicket near # 22010 ditto

22017 *Solidago microcephala*
Involucres somewhat glutinous ditto

22018 *Cyperus tribuloides*
On beach of Rappahannock ditto
at junction with Kate's Creek.

22019 *Xanthium*
chinenses ditto
with # 22018

22020 Grass
on sand on beach ditto
with # 22018

22021 Along Skyline Drive
just beyond of Trout Run, Va.

22022 *Rubus* - a tall
Rubus with long tip-rooting
shoot - in sand along
Kate's Creek near junction with
Rappahannock River, Lancaster Co.,
near Lively - July 13, 1957.

22023 Floating plant in pond *Otricularia* sp.
near Lively, Lancaster Co., Va
- flowers yellow - erect
22024 *Bloddersia* small - July 12, 1957

Labiatae
on sandy beach along July 12, 1957
Rappahannock River near
junction with Kate's Creek.

22025 *Elymus* July 12, 57
with # 22024

22026 *Ampelamus albidus* (Nutt) Britt.
In Clay Elementary School yard
at 7th and Highland Streets, climbing
over shrubbery Aug 13, 1927. In
flower and fruit. No other plant of this
species in this area

22027 *Acalypha* - June 30, 1957
along Skyline Drive just
beyond Front Royal

22028 *Satis tinctoria* L.
with # 22027

22029 *Geranium* sp. 6/8/57
In Allard's garden
where common weed.

22030 *Mooreana* (*Calonyction* ^{*aculeatum*} with
divided corolla limb. One plant
appeared in my garden along edge of
growing profusely, but too late to get seed
this year first discovered in my garden
12-14 years ago. Has not since
22031 kept growing - Corolla really with
5-petals - see waste. Acad. Sci.
34: 112-119. One fig.

Spiranthes cernua (L.) Richard. Sept. 26, 1957
In boggy soil in State Park near
South Mountain not far from
Chambersburg - Near Caledonia
Potomac.

22032 In muddy pond near Lively, Va. July 5, 1958
near Rappahannock River
H.A. Allard

22033 *Nymphaea advena* (Ait) Ait F
In water, leaves erect - July 5, 1958. abundant. ditto
H.A. Allard

22034 *Otricularia* -
fl. yellow. seen last
year - see specimens. ditto
In same pond with 22032 and 22033
abundant

Tapodium distichum (L.) Richard.
Several trees in and near pond
22035 June # 22032 grows
infrequent here ditto

22036 *Saururus cernuus* L. July 5, 1958
In wet soil near pond where
#22032 occurs.
Frequent; Colonial

22037 *Panicum*
In damp soil near #22036 ditto
Frequent.

22038 Poor specimen; eaten by
insects. In mud and water. ditto
around shore of pond where 22032
occurs. Common H.G. Allard

22039 *Quercus falcata* Michx.
var. *triloba* (Michx.) Nutt. July 5, 1958.
Near Lively, at junction with Kate's Creek
and Rappahannock River. H.G. Allard.
Common form here.

22040 *Rorippa sylvestris* (L.) Bess.
with closed, strictly sterile, dehiscent flowers
appearing in my garden 1957. A very bad weed,
spreading rapidly by underground stems. No
hollow, produced. No normal silicles or seeds form.
